HOW THE FIRST AID INITIATIVE RWANDA (FAIR) IS TACKLING ROAD SAFETY AND INJURY PREVENTION

Every year, hundreds of lives are lost on Rwanda's roads, and countless others suffer life-altering injuries. But these are not just numbers—they are dreams cut short, families left without providers, and children forced into orphanhood. The FAIR project was born out of the urgent need to combat the rising number of road traffic injuries. **On 26 February 26**, HPR brought together representatives from key government institutions and school representatives for an advocacy meeting that discussed how to advance the cause of road safety. SHAPING GLOBAL DISCUSSIONS: HPR PARTICIPATES IN THE 4TH GLOBAL MINISTERIAL CONFERENCE ON ROAD SAFETY

Feb 18 - 20, 2025. Our team joined global leaders at the 4th Global Ministerial Conference on Road Safety and the 3rd World Youth Assembly in Marrakech. HPR President Dr. Innocent Nzeyimana took part in panel discussions and networking sessions, spotlighting youth leadership and championing safer, more sustainable mobility worldwide.

FLASHBACK: CLOSING 2024 WITH IMPACT

On December 11, 2024, Rwanda marked a historic milestone in road safety with the inauguration of Africa's first-ever Helmet Testing Laboratory, led by the Ministry of Infrastructure (MININFRA) in collaboration with Healthy People Rwanda (HPR) under the *Tuwurinde* ("Let's protect the head") initiative.

Students Safety Spotlight

Moments from our school road safety & first aid campaigns

Over the past 3 months, our team visited schools across Kigali to raise awareness about road safety and empower students with practical first aid skills. Through interactive sessions, live demonstrations, and engaging discussions, students learned how to stay safe on the roads and respond confidently in emergencies. These photos capture just a few highlights from hands-on first aid training to students, the next generation of safety champions in action!

Students from GS Epa St Michel demonstrate their drawings on road safety.
